

Advanced 3KRF - Generators

- Tubeless technology – US Patented 3KRF Solid State Generators
- 50% less power – usage than any tube RF generator in the world
- 80% less arcing – closed-loop RF process monitoring and control
- 99.9% repeatable – dial and hold precise RF power each & every cycle
- Direct coupled – generator to load with fine analogue power control
- FDA Validation – supporting materials available for IQ, OQ & PQ

Tubeless, 3KRF Solid State Generators
600 Watts to 10 kW (27.12 MHz)
